

PEACH RIDGE NURSERY

John T. Bregger, Orchard Consultant — Clemson, South Carolina

1954-1955 LIST OF BEST NEW AND PROVEN PEACH VARIETIES (in order of ripening)

- HILAND**—Earliest yellow peach for the far South. Ripens 6½ weeks before Elberta. (Good shipper).
- CARDINAL**—Earliest yellow peach for the middle South. Large, attractive, of excellent quality.
- DIXIRED**—Early yellow-fleshed peach with bright red blush. Ripe six weeks before Elberta.
- REDCAP**—New yellow peach of U. S. D. A. origin. A short-chilling variety ripening with Dixired.
- MAYGOLD**—Early yellow peach of Dixired season that can be grown farther south than Redcap.
- CORONET**—New, yellow, high quality peach. Earliest freestone. Better shipper than Dixigem.
- REDHAVEN**—Early yellow freestone with brilliant red color. Best canner and freezer.
- RANGER**—New large yellow peach to replace Golden Jubilee. Well colored and good shipper.
- SOUTHERN GLOW**—A newly introduced short-chilling peach for far south areas. Large, attractive, yellow freestone, ripening three weeks before Elberta. Heavy producer.
- TRIOGEM**—Large yellow round freestone, ripening just before Halehaven. All purpose peach.
- SOUTHLAND**—Large attractive freestone. A superior yellow peach to take the place of Hiley.
- SUNHIGH**—Highest quality yellow peach in Halehaven season. Ideal for canning and freezing.
- BURBANK ELBERTA**—All purpose, heavy-bearing yellow peach; superior to Halehaven for South.
- LORING**—New promising short-chilling peach of Missouri origin, ripening before Elberta.
- BLAKE**—Attractive yellow peach preceding Elberta. Most promising new variety for its season.
- REDSKIN**—Best new peach for Elberta season. Firm, large and beautiful all-purpose peach.
- ARTERGLOW**—Large, well-colored yellow peach. Best late variety to follow Elberta. (1 week)

ALSO limited number trees of Ambergem, Envoy, Fairhaven, Fireball, Fireglow, Jerseyland, Keystone, Nectar, Newday, Poppy, Raritan Rose, Redglobe, and Vanguard.

STANDARD VARIETIES: Mayflower, Early Hiley, Dixigem, Golden Jubilee, Hiley, Halehaven, Sullivan Ey, Elberta, Early Elberta (G), Belle of Georgia, Elberta, J. H. Hale, Shippers Late Red, Rio Oso Gem, Lizzie, Frank and Indian Blood Cling.

OTHER TREES: Methley and Burmosa plum. Best red strains of Delicious, Rome, Jonathan and Stayman apple. Other superior apple varieties, early and late season. Standard and new varieties of pears, plums, apricots, grapes, and nut trees. Dwarf trees of few apple and peach varieties. Double-flowering peach trees in three colors.

PEACH and plum tree prices (1-2, 2-3, 3-4 ft.) 40, 50, 60 cents (each rate); 35-55 cents (10 rate); 30-50 cents (100 rate); 25-45 (1000 rate). Write for prices on other fruits. Add \$1 for postage and packing on parcel post shipments. (Excess will be refunded).

PEACH trees grown at our branch in the ideal nursery soil of the Cumberland Plateau. Buds cut from bearing trees of best known strain of each variety from standpoint of quality and heavy production. Expert inspection of trees before and after digging. Personal care given in filling orders. A peach variety for every climate and need. Write us for suggestions on your specific requirements!
